I'm so Pretty...

Oh, so pretty. Want a light bright sunny home? In a great area? Well maintained? **This is it!** The "icing" on the cake... it is very affordable as well! This home also has original hardwood floors under the carpet. There are many updates to this well constructed home with a great master suite, screened porch and a large laundry/mud room. The wood burning fireplace features marble that was mined in the East Tennessee area. A fabulous screened in porch, with a hot tub for de-stressing. The basement offers a great place for storage or a workshop OR both. A large fenced backyard makes this property a true gem. Don't miss out on your opportunity to own this lovely home.
